Norsk versjon av MCE er en oversettelse og tilpasning av den danske og engelske versjonen, utviklet av Nationalt Videnscenter for Demens ved T. Rune Nielsen (© 2019 Nationalt Videnscenter for Demens).

Norsk versjon er utviklet av Nasjonal kompetansetjeneste for aldring og helse på oppdrag fra Helsedirektoratet. Faglig tilpasning og oversettelse er gjennomført av Peter Bekkhus-Wetterberg og Jørgen Wagle.

Nationalt Videnscenter for Demens er ikke ansvarlig for innhold i den norske versjonen.

MCE er kun tillatt brukt klinisk eller ved forskning, ikke til kommersiell bruk.

Alle henvendelser om MCE, norsk versjon, kan rettes til:
